## 50 Years at Speed SCCA Regional Races

The event was held at the Thunderbolt course of the New Jersey Motorsports Park in Millville, NJ on September 20th and 21st, 2008. The Regional Races consisted of eight (8) race groups. The sanction number for the Regional Race is 08-R-328-S.

One practice session for each race group was held on Saturday morning. A qualifying session for each race group in the Regional races was held Saturday afternoon. Races were held on Sunday.

The weather was clear all weekend. Slightly cooler in the mornings but sunny in the afternoons. The Thunderbolt race track was designed to be a pro course and the facilities are markedly well designed for workers

This is the first SCCA sanctioned club race at Thunderbolt so new track and lap records were set in every class.

Interspersed with the Regional runs were two rounds of the F2000 Championship pro series. This gave us an opportunity to catch up with paperwork during the day and results were published very quickly.

The races ran close to schedule. The eight Regional races were 18 laps as published with the exception of race group 6 which was checkered early due to on track incidents.. Timing and Scoring ran a crew of 12 on Saturday and 11 on Sunday. Special recognition should go to Jack Oliver, Chief of T&S for SJR who ran the "hot" track Orbits 4 computer; Judy Bloeser, PHL, Charter; and Bart Carlevaro NNJR, T&S Equipment Chief.
